

About our Sample Accounting Jobs Descriptions for Clubs:

The HFTP Americas Research Center, with guidance from members of the HFTP Club Advisory Council, has developed example job descriptions for accounting positions in private clubs. The process involved reviewing sample job descriptions and compiling the information into standardized job descriptions.

Staff sizes can vary depending on the size and complexity of the club. An assistant controller at a smaller club may have accounts receivable or accounts payable responsibilities; while at a larger club, they might employ an accounts receivable or payable clerk who performs these functions. For this reason, there is an overlap in job functions for many of the accounting and finance positions.
